Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different prices on each page. Be certain your gross sales copy is strictly the same on each

page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum price is.

In the end, in case you've written a book that solves a drawback or presents a new approach, your guide will herald each site visitors and profits.
