Another technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on each page. Make sure that your sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum value is.

Ultimately, if you've written a guide that solves a problem or presents a new technique, your book will usher in both visitors and profits.
