An efficient approach for determining a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the brand new e book, but do not include a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Make sure your sales copy is strictly the similar on each web

page, and consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum value is.

In the end, when you've written a ebook that solves a problem or presents a new approach, your e book will herald both traffic and profits.
