and the advantages your book can provide. Then be sure you use that sentence in every piece of sales and promotional material, and each time anybody asks you about your ebook.

Moreover promoting your books assiduously online, there are several other methods that may enable you sell more books.

An efficient technique for figuring out a price is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the new guide, however do not embrace a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Be certain that your sales copy is precisely the identical on each page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum value is.

In the end, in the event you've written a ebook that solves a downside or presents a new technique, your e book will usher in each site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 1811 guide will likely be to the purchasers who purchase it.
