Marketing Methods

promotional material, and every time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are a number of other methods that may show you how to promote extra books.

One is to give something away without spending a dime along with your e book, reminiscent of a useful bonus item. Or bundle several ebooks below one worth, which lowers the price for every book in the event that they had been bought separately.

An effective approach for figuring out a price is to send out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new guide, but don't embody a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with totally different costs on every page. Make certain your gross sales copy is precisely the similar on every web page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Finally, if you happen to've written a e-book that solves a downside or presents a new technique, your e book will herald both traffic and profits.
