Nonetheless, in case your e book accommodates valuable ? and more importantly NEW information, references, or strategies ? then it is best to aim to price it on the high end.

After you determine your aim, you will need to figure out what your audience's want is on your ebook. For example, does your e book solve a particular problem? If it does, and solves it in a method that hasn't been written about in 100 other ebooks, you will be in a position to achieve high

sales at a excessive price. In case your guide solves an issue or answers questions in a brand new and distinctive manner, you must worth your ebook as high as you possibly can go.
