and promotional materials, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously online, there are several other strategies that can make it easier to promote more books.

One is to provide one thing away free of charge together with your e book, similar to a precious bonus item. Or bundle a number of ebooks underneath one worth, which lowers the value for every ebook in the event that they were offered separately.

An effective method for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new ebook, but don't embrace a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with totally different costs on each page. Ensure that your sales copy is exactly the same on every page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum price is.

In the end, for those who've written a e book that solves a drawback or presents a new approach, your guide will bring in each traffic and profits.
