An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion by way of price. Do this by creating a sales web page for the new ebook, but don't include a worth on that page. Another strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on each page. Make sure that your sales copy is exactly the same on each

web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum price is.
