Another technique is to check out costs by creating a number of duplicate sales pages with totally different prices on each page. Make sure that your gross sales copy is exactly the same on each web

page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum price is.

Finally, if you happen to've written a book that solves a downside or presents a new method, your e-book will bring in both site visitors and profits.
