If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new e book, but don't include a price on that page. As a substitute, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is precisely the similar on each page, and

consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum price is.
