As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Ensure that your sales copy is strictly the similar on every page, and includes your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum price is.
